Natural brass ceiling light with glasses

Ø 71x72 cm I 14 cm ⚖ 9,5 Kg
💡 6x max 42W 📏 G9

The In Bloom series

The flower meadow is the inspiration of this spectacular collection, where the glass forged as a simple flower decorates and embellishes the hammered brass structure. Here it is presented in ceiling and wall versions, but it is suitable for developing lots of solutions to adapt to the most diverse lighting needs. The finish is in Natural Brass, but can be customized
