12x max 42W E14
The Versailles series

A large, ornate chandelier with multiple lit candles hangs in a room. The chandelier is made of brass or gold-colored metal with many crystal droplets and arms holding lit candles. In the background, there is a window with white curtains and a dark frame, showing greenery outside. To the left, a portion of a painting is visible. To the right, a framed picture hangs on the wall, and a small table with framed photos is partially visible.
